3. Declarations

Before signing, it is important that you read and understand the Privacy Notice below. The Homecharge-i unit in respect of electricity usage, including timing and duration of charging sessions of the Homecharge-i unit, with agreed Recipients. These Recipients are the Office for Low Emission Vehicles and Chargemaster Plc and any other body that requires this information in respect of the supply of a grant in respect of supporting the supply to you of the Homecharge-i (the Recipients).

By signing this declaration you confirm that the address specified on page 1 is a residential address and that you either own the property or have the consent from the landlord for the Homecharge-i unit to be installed. You also confirm that there is garage or other suitable off street parking within your premises. You will be provided with a free survey following acceptance of your application and in the event that your domestic or garage wiring needs upgrade or improvement you will be given the choice of withdrawing your application or paying for remedial work as specified by the installation contractor. The information on this form will be used by the installation contractor to carry out the survey and installation. You hereby agree to indemnify Chargemaster Plc and the installation contractor against any claim (including consequential losses) arising from the installation and use of the Homecharge-i unit.

By signing this declaration you also confirm that you give Chargemaster Plc permission to apply for the government domestic recharging grant on your behalf and that you may be contacted in the future by the Office for Low Emission Vehicles (OLEV) or its agents to conduct a random check. Your personal information will be safeguarded and processed in accordance with the requirements of the Data Protection Act 1998 and that your details will only be passed to OLEV or its agents if your chargepoint is chosen for a random check. You also confirm that you understand that receipt of the grant is on the undertaking that usage data is collected from the unit for a minimum of three years from the date of installation. You give permission for the Office for Low Emission Vehicles and other central government departments to use this usage data (in an anonymised form) to inform future policy development. You declare that you are not VAT registered, are purchasing this chargepoint as a private individual, and will not claim the VAT back from HMRC.
