

Tombs: Activity Pack

Making a Shoebox Burial Chamber

- A basic shoebox will be decorated to reflect its owner.
- The aim is not to include ALL the scenes that a deceased needs to get to the afterlife, but to think about what you need or want to have with you.
- Remember: tombs were designed by the owner while they were alive, not by other people after they died.

The Tomb Owner: You!

Tombs are specific for their owner and show the owner and their family. So, you need to add pictures of you and your family! You can add pictures of your whole family – just remember to put you in the centre of everything!
