Other conditions

- There is no additional Scholarship application process; eligibility will be automatically assessed at the point of successful admission.
- If a student meets the eligibility criteria, the Scholarship will be awarded upon enrolment.
- Scholarships should be displayed during a student's online enrolment, however if the University's Finance Office are aware when processing the invoice (or afterwards) that they are not a self-funding student the Scholarship will be removed and standard overseas fees will apply.
- The Scholarship will be awarded as a reduction in fees for overseas students commencing their studies in Academic Year 2023/24 and is available for one year only (two years for part-time students).
- If Recognition of Prior Learning or any other prior learning credits/experience are applied which reduce the total number of taught credits below 180 credits, students will no longer be eligible for the Scholarship.
- No other form of Manchester Metropolitan University discount or scholarship may be used in conjunction with the Postgraduate International Scholarship. If a student is in receipt of more than one form of fee reduction (including discounts, awards or scholarship) they will only receive one fee reduction and will be awarded the greater amount. Please refer to the [Regulations for the Payment of University Fees](#) for further information on how discounts/scholarships are applied.
- Students will not be eligible for the full Scholarship if they do not complete the full course and this results in a reduction in the fees payable. If they withdraw, exit with a lesser award or do not complete the full course for any reason other than as otherwise stated in this agreement, the *Regulations for the Payment of University Fees* state discounts/scholarships will be pro-rated if the withdrawal or exit results in a reduced tuition fee. In these cases, the value of any scholarship will be pro-rated in proportion to any reduced tuition fees.
- If a student suspends from the course, the value of any award will be pro-rated in proportion to the tuition fees charged. The remaining Scholarship will be applied in the following academic year providing students return to their eligible course and the Scholarships are still available. If the Scholarship has already been awarded in full, there will be no further Scholarship awarded in the following academic year.
- If a student transfers courses the scholarship will only continue to be available if that new course is eligible for the scholarship. If it is not eligible then full tuition fees will be payable.
- The Scholarship will not be carried over if a student defers entry.

Please note that all students are required to comply with, and are bound by, the University's Student Regulations and Procedures, including the Student Code of Conduct, which can be viewed at www.mmu.ac.uk/policy. If a student is removed from the course for failing to comply with the Student Regulations and Procedures, they will be required to pay the Scholarship back in full.
