JOB VACANCY

We are now seeking to recruit for the following role:

QC Apprentice

To join the existing QC Team in providing the Quality Control service to the business, covering analysis of raw material, final products and environmental testing.

Under the supervision of an Analytical Chemist, you will be:

- Performing analysis of raw materials, finished goods, waste streams, and returned materials.
- Entering data into SAP and other IT systems.
- Performing calibrations of analytical equipment.
- Issuing Certificates of Analysis.
- Maintaining the sample retention system.
- Maintaining appropriate records of analysis etc.
- Assisting with continuous improvement activities, root cause analysis and troubleshooting.
- Preparing and packing samples for customer evaluation.
- Maintaining good housekeeping within the lab.
- Liaising with production team, logistics team and sales team to ensure products are available for despatch to customers.

You will be required to work in accordance with H&S requirements on site. Working hours are Monday to Friday 8:45-17:00.

A full job description can be obtained from Kim Nieto by calling 01538 392134. If you wish to be considered for the vacancy, please send your letter of application to Kim Nieto (HR Controller) at the above address or email kim.nieto@eternis.co.uk
