New Dalton Building: Faculty of Science & Engineering

£115 million investment into the Dalton Building will boost the student learning experience, allowing them to:

- **Make new connections and exchange ideas** with their peers and lecturers and support services in study and breakout spaces.
- **Build specialist knowledge** during interactive sessions in both dynamic active learning spaces and traditional seminar rooms
- **Run experiments** in a new state-of-the-art Superlab
- **Attend inspiring events and conferences** in the main atrium and lecture theatres
- Find out more about **employers** with **pop-up industry partner stands**

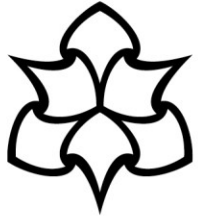

New Dalton Building: Faculty of Science & Engineering

Helping students make the transition: Your Recommendations

1. What information / activities **pre-induction** would students find helpful to know?
2. Any recommendations on how to **build an inclusive student community** from induction?
3. How can we encourage students to **stick on campus**?
 - To make **study groups**
 - To **complete assessments**
 - To take part in **extra-curricular activities**
4. From studying BTEC | T-Level | A-level, what type of activities are students familiar with for:
 - **Independent learning**
 - **Online resources**
 - **Active learning**
 - **Group work**
 - **Time management**
5. Any questions?

**Manchester
Metropolitan
University**

**Thank you
&
We look forward to
seeing you in our new
building soon!**
